About :

I'm Arghya Das, a curious and motivated software developer in my early 20s with a passion for building practical solutions and learning new technologies. I'm an energetic and inquisitive problem-solver who enjoys creating new things and learning quickly. I thrive in collaborative environments, stay decisive under pressure, and adapt easily to changing requirements. With strong observational, organizational, and communication skills, committed to driving positive outcomes and contributing meaningfully to team-oriented projects.

Education :

Professional Cloud DevOps — Central Institute of Technology, Kolkata, India — (A++)

Technical Skills :

- ❖ **Frameworks/Library:** React, Next.js, Node.js, Express.js, Fastify, Directus, Strapi
- ❖ **Languages:** TypeScript, JavaScript, Html, Css, TailwindCss
- ❖ **Architecture:** Monolithic, Microservice

Communication : Bengali, English, Hindi

Interests : Gardening, playing sports, listening music, reading, swimming, coding, painting, exercise
